

# Apparel & Footwear

## CUT TICKET GENERATION WIZARD

## 1 Cut Ticket Generation Wizard

This wizard allows users to create cut tickets based on orders. As an example, the user runs the wizard to

1. Consolidate styles with the same routing (cutting, sewing etc.)
2. Automate the order creation from different customer ship to addresses

To run the process, go to Production → Cut Ticket Generation Wizard

Select the orders to transfer to cut tickets
